SHEET METAL DESIGN AND MANUFACTURING

Please ask for special information and brochures.

Special machine construction

- Construction
- Mechanic
- Steel Engineering
- Sheet metal design and manufacturing
- Elektric/Electronic/Programming
- Hydraulics/Pneumatics

Environment technology

- Rubber process procedures
- Wood process procedures
- Logistic procedures

CUTTING WORK

- CNC-turning
- CNC-milling
- CNC-sheet metal manufacturing
- CNC-large part processing

INSTALLATION-REPAIR-SERVICE

- mounting new/dismantling old plants/machines
- installation plants/machines
- 24h spare part and repair service
